FOREWORD

From the Founder's Desk

I am pleased to present the Annual Report of Samoon Foundation for the financial year 2022-2023. During this period, the Foundation remained deeply committed to creating a comprehensive and lasting impact on the lives of the local communities we serve. Our efforts spanned key areas such as education, healthcare, environmental conservation, human rights, and women's empowerment.

Our holistic approach focuses not only on addressing immediate needs but also on building the capacities and resilience of communities so they can thrive independently in the long term. By nurturing self-sufficiency and empowerment, we aim to foster sustainable development that uplifts every individual and family.

This progress has only been possible thanks to the generous contributions of our donors, the dedication and hard work of the Samoon Foundation team and volunteers, and most importantly, the trust and partnership of the communities themselves. Together, we continue to move forward with hope and determination toward a future where everyone has the opportunity to realize their full potential.

I invite you to explore this report and witness the collective impact of our shared journey.

Warm regards,

Vinod Jethuri

Community Development & Women Empowerment

Rudraprayag & Tehri Garhwal | June 24, 2022

The Samoon Foundation, in collaboration with the Pagariya Welfare Foundation, launched an initiative today to raise awareness about menstrual hygiene and health among girls and women. The partnership focuses on distributing the educational comic book, 'Mystripedia.'

As part of this effort, the Samoon Computer Training Institute in Rudraprayag distributed 'Mystripedia' books to girls aged 9 and above at the Government Inter College, Tilaknagar, Sumari, Tilwada. Similarly, in Akhodi, Tehri Garhwal, women and girls attending the stitching center operated by THDC also received the comic books.

This initiative addresses the pervasive taboo surrounding menstruation, aiming to foster open discussions about a fundamental aspect of women's lives. The lack of accurate information often leads to anxiety, confusion, fear, and worry among young girls when they begin menstruating. By providing age-appropriate knowledge, the Samoon and Pagariya Welfare Foundations hope to alleviate these concerns and empower girls to manage their lives comfortably during menstruation.

Empowering Deserving Youth through Scholarships in Rural Uttarakhand

Date: Monday, 18th April 2022

A strong and progressive society is built on the foundation of educated youth. In pursuit of this vision, the Samoon Foundation provides annual scholarships to deserving students from underprivileged backgrounds — a lifeline that has transformed many lives.

Among these stories are Mayank and Adarsh, two bright siblings who lost their father several years ago. Their mother, raising them alone, has faced immense financial hardship. For the past three years, thanks to the generous support of one of our esteemed members, the Samoon Foundation has ensured that both children continue their education through full scholarships.

For the academic year 2022–2023, their tuition fees have once again been transferred directly to their accounts — a testament to our continued support for their future.

We wholeheartedly invite individuals and organizations to join us in empowering rural students across Uttarakhand. Your contribution, big or small, can make all the difference.

Samoon Foundation Provides Aid to Accident Victim Dharmendra Chamola

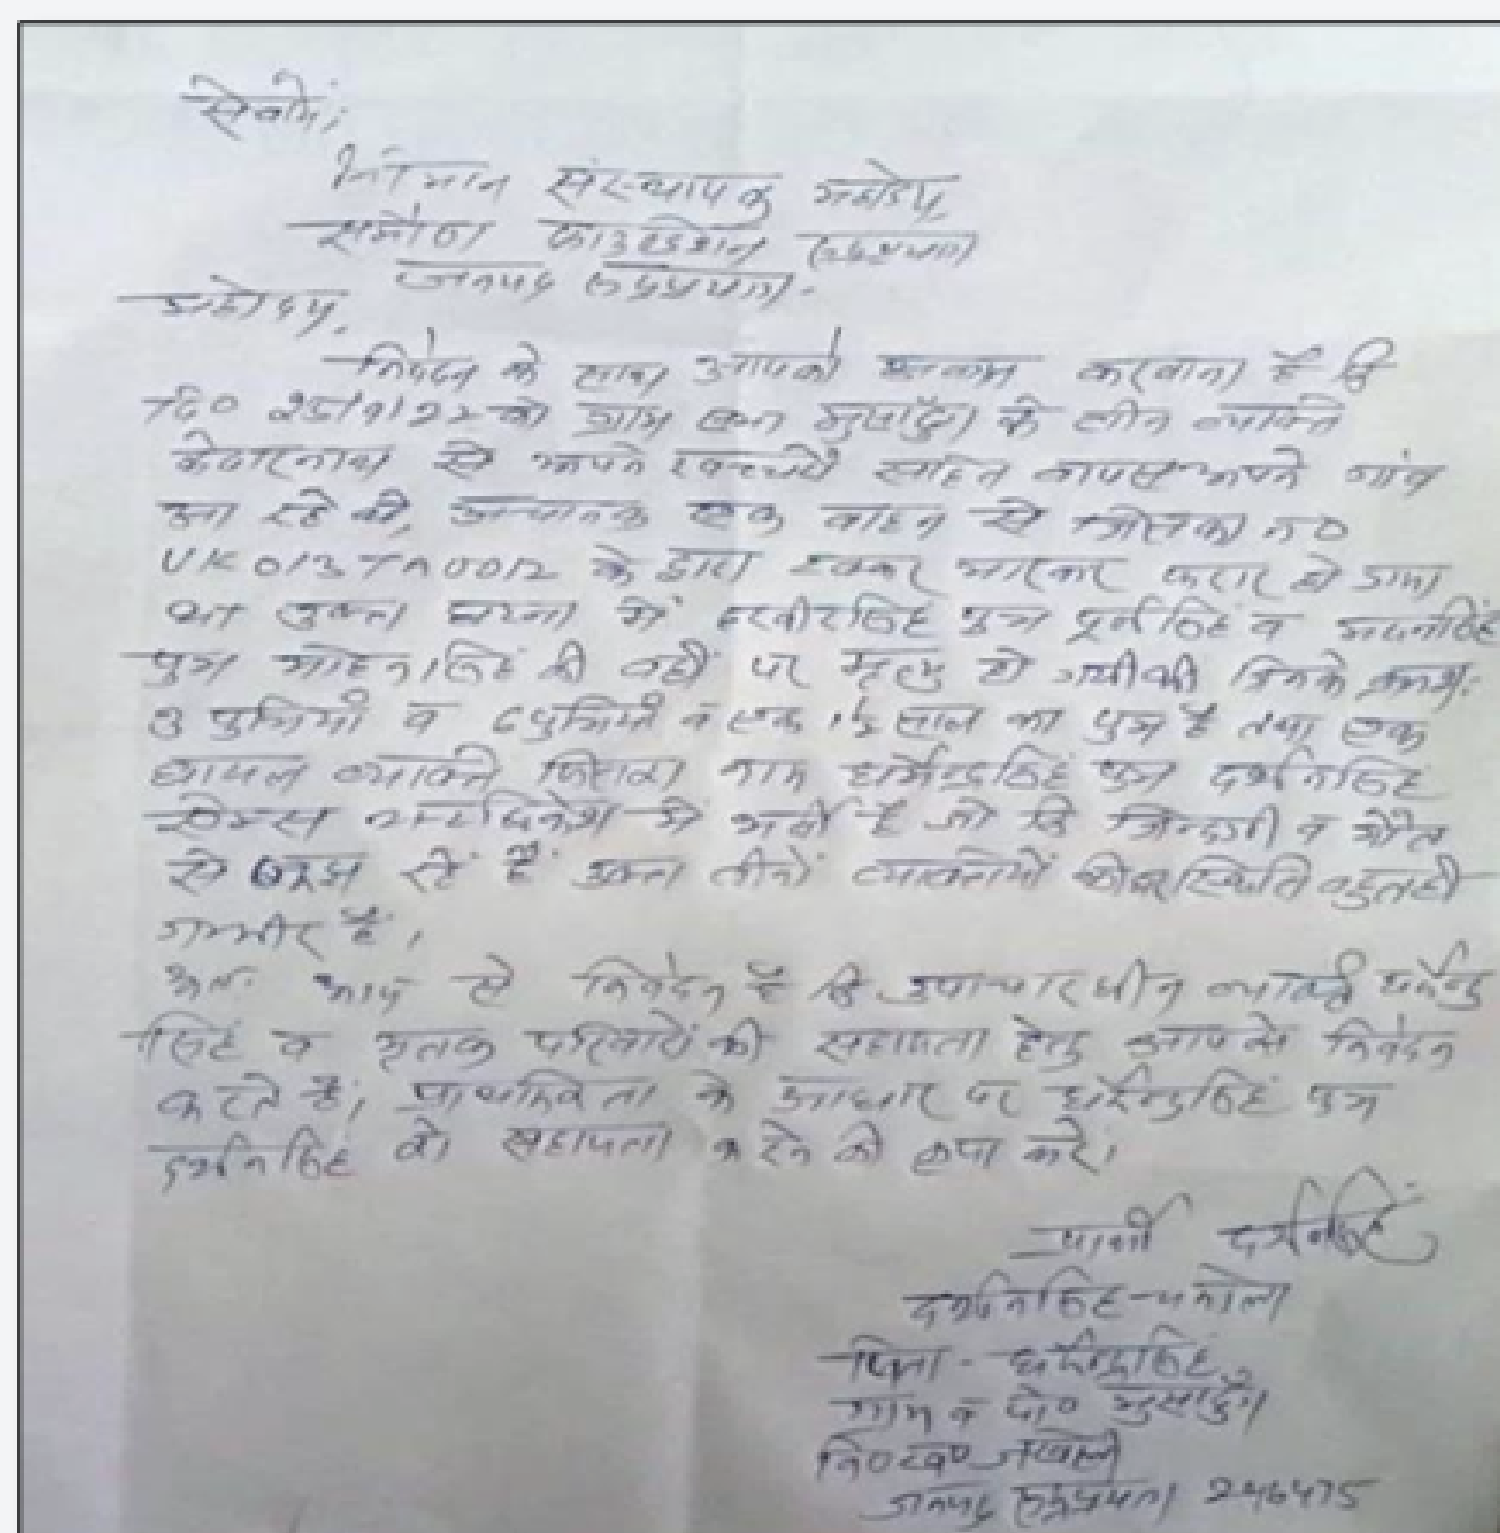

Rudraprayag, Uttarakhand – November 12, 2022

The Samoon Foundation team visited Dharmendra Chamola at his residence in Musadung, Jakholi Block, Rudraprayag District, to inquire about his well-being and offer support following a tragic accident. During the visit, the team provided a financial assistance of ₹2,100 to help cover his medical expenses.

Dharmendra Chamola, a local resident known for transporting goods and pilgrims to Kedarnath with his mules and horses, was involved in a severe accident on the Kedarnath motor road. While returning home with two companions and their animals, their group was struck by a vehicle. The accident tragically resulted in the on-the-spot deaths of his two companions, while Dharmendra sustained injuries and was admitted to AIIMS Hospital in Rishikesh.

Facing significant medical expenses and lacking an Ayushman card, Dharmendra's distressed family reached out to the Samoon Foundation for assistance.

Responding swiftly, the Samoon team not only arranged an Ayushman card for him but also ensured he received essential medical treatment under the scheme. This case highlights the Foundation's commitment to providing comprehensive support, including navigating government schemes, to those in need.

The Samoon Family's team met with Harimohan Ji in Dehradun at Jolly Grant Hospital and provided a small amount of financial assistance, a check of 15,000 rupees, for Harimohan's treatment.

Date 23/11/2022

Hari Mohan Kumar, son of Mr. Bal Prasad and a resident of Gram Kandiyal Purola in Uttarkashi district, is battling a severe illness. Hari Mohan, hailing from a very poor family facing distressing financial circumstances, is the sole son of his parents. For the past two years, he has been undergoing dialysis to manage his kidney disease. Doctors have recommended a kidney transplant, and the pre-assessment is currently underway at Jolly Grant Hospital in Dehradun. However, the estimated cost of the transplant, amounting to 7.5 lakh rupees, poses a significant burden for the family.

Mr. Bal Prasad, Hari Mohan's father and a labourer by profession, has selflessly decided to donate his kidney to his son, hoping that Hari Mohan would support him in old age. Unfortunately, their circumstances have worsened to the point where Bal Prasad himself is now unemployed. With no other source of income, the family faces an even greater financial strain as Bal Prasad will need to stay in the hospital after donating his kidney.

In their time of need, the distressed family has appealed to all kind-hearted donors for support. The Samoon Foundation, dedicated to serving humanity, is actively assisting the family. They visited Hari Mohan at Jolly Grant Hospital in Dehradun on 23rd November 2022, providing a check of Rs. 15,000 for his treatment. The kidney transplant procedure is scheduled for this month, December 2022. The Samoon family expresses heartfelt gratitude to all the donors and fervently prays for Hari Mohan's swift recovery.

My name is Kailashi, and I live in Kirti Nagar, Tehri Garhwal. In my family, there is my mother, my father, and my younger brother who goes to school. My father is disabled and unable to work, which has left our family in a very challenging financial situation, but we were content with whatever we had. I was working hard in my studies, and my dream was to become successful through education and contribute significantly to improving our family's financial situation. However, fate had other plans for me.

When I was in the 12th grade, one day, I had a fall in school, resulting in a severe injury. I was immediately admitted to Jolly Grant Hospital in Dehradun, where I underwent surgery. After the surgery, I became paralyzed, and I lost the ability to walk and speak. Currently, I am undergoing treatment in Dehradun, and every month, I require medications that cost around ₹8,000. If this treatment course is interrupted, my condition may not improve. We have seen significant progress with the ongoing treatment, so we do not want to halt it due to a lack of medication. I humbly request all compassionate individuals to contribute according to their capabilities to give me a new lease on life. My family and I will be forever grateful for your support.

"Winter's Wrath: Protecting the Vulnerable in North India's Cold Nights"

31 DECEMBER 2022

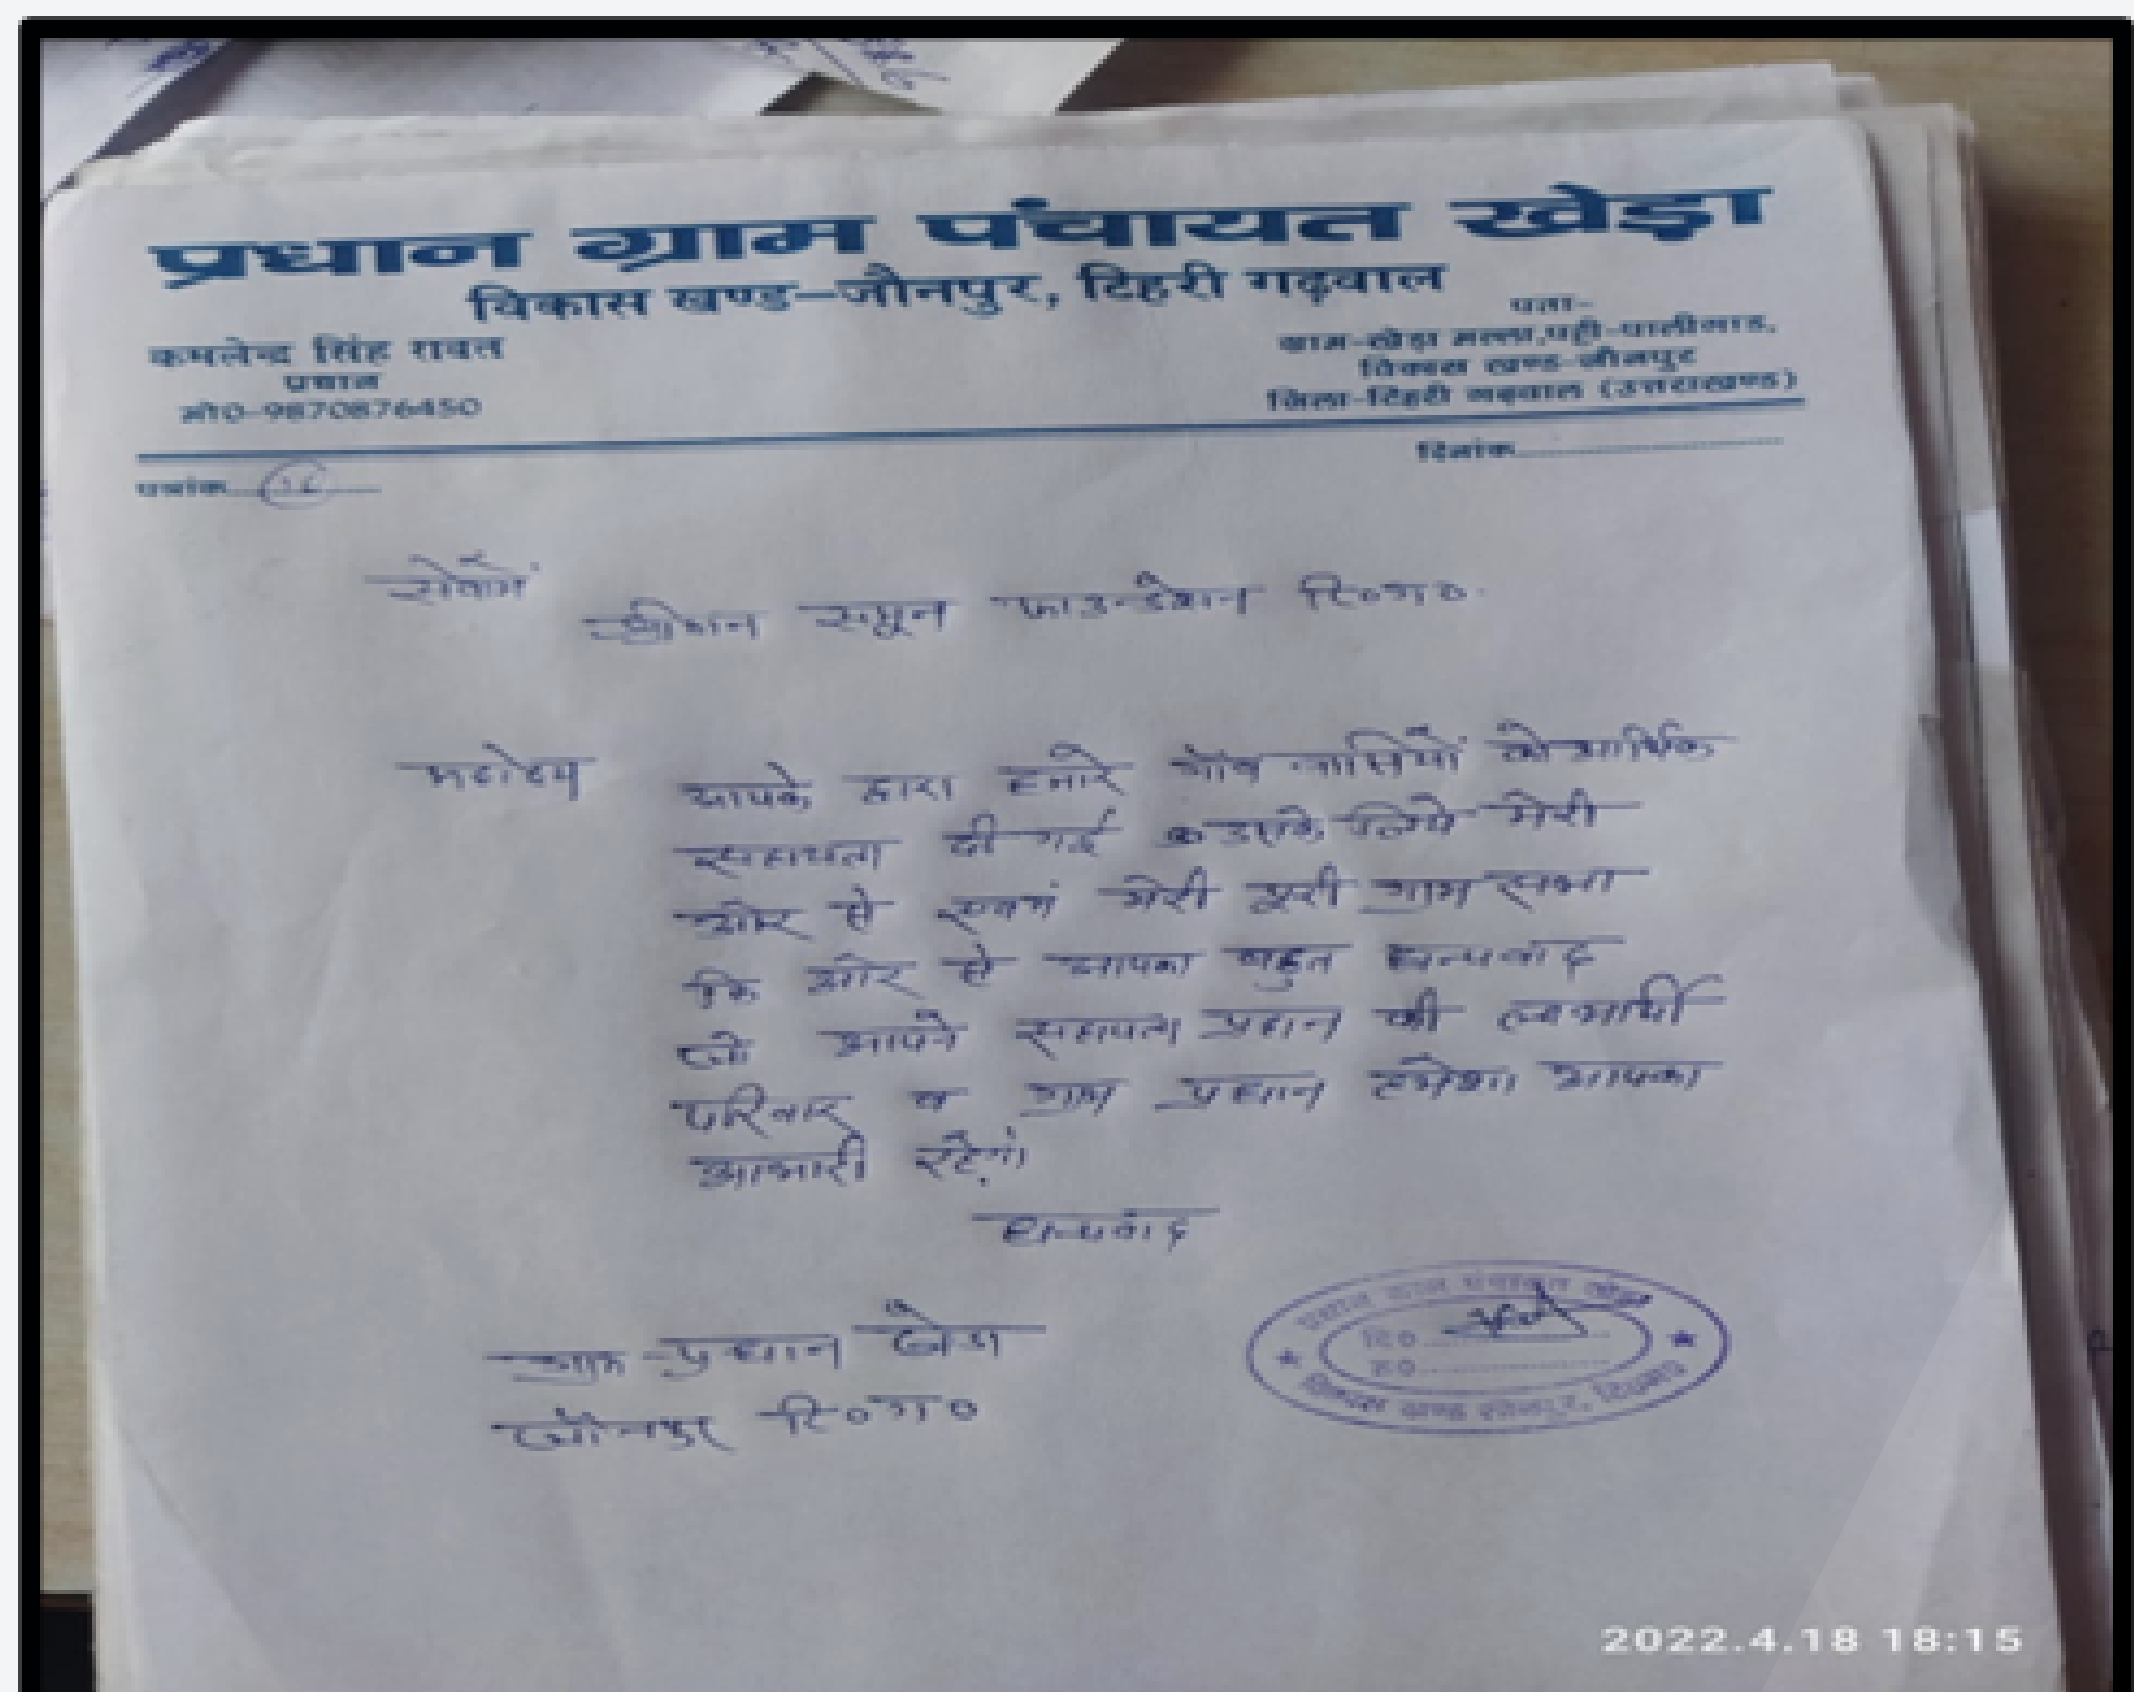

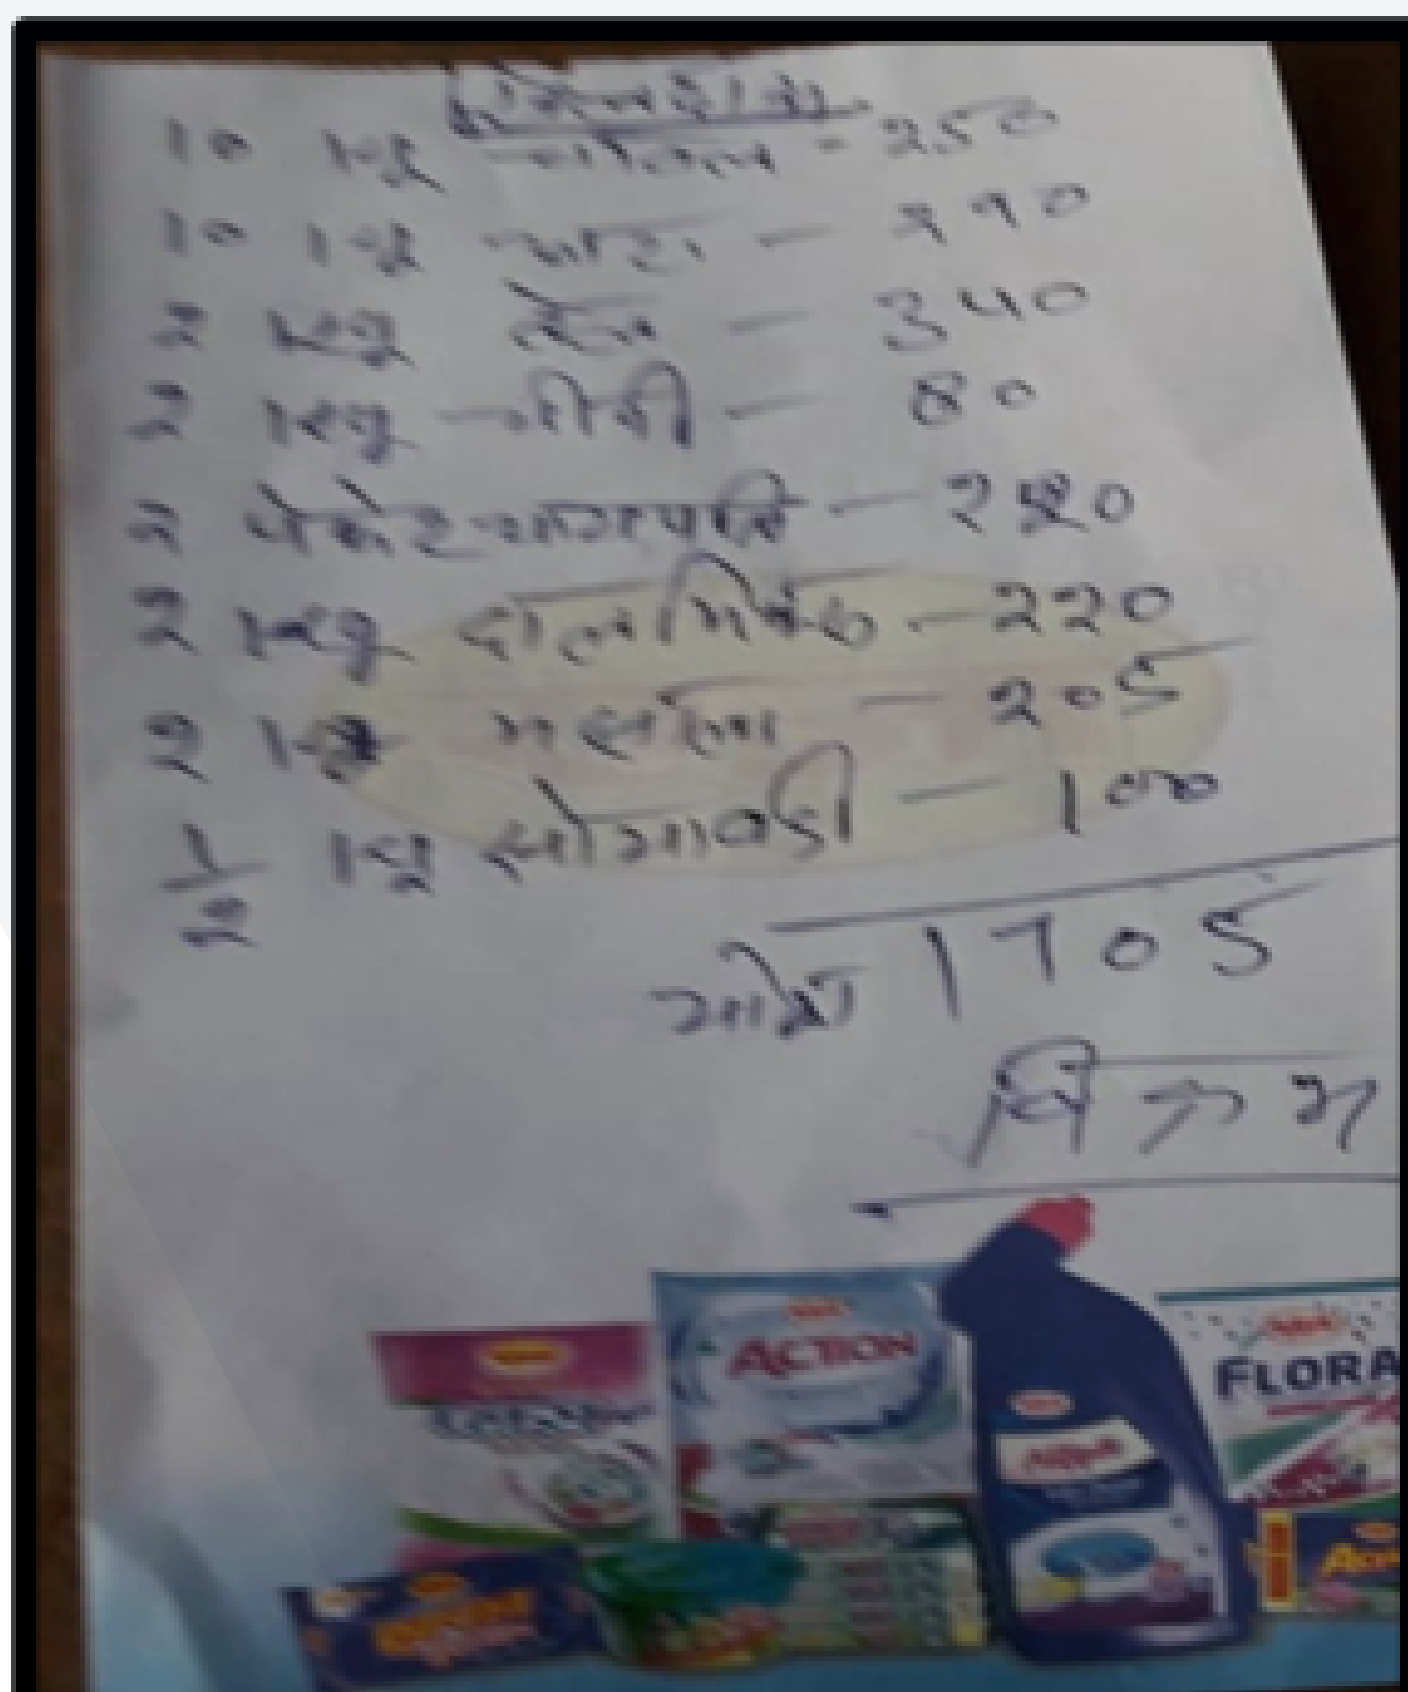

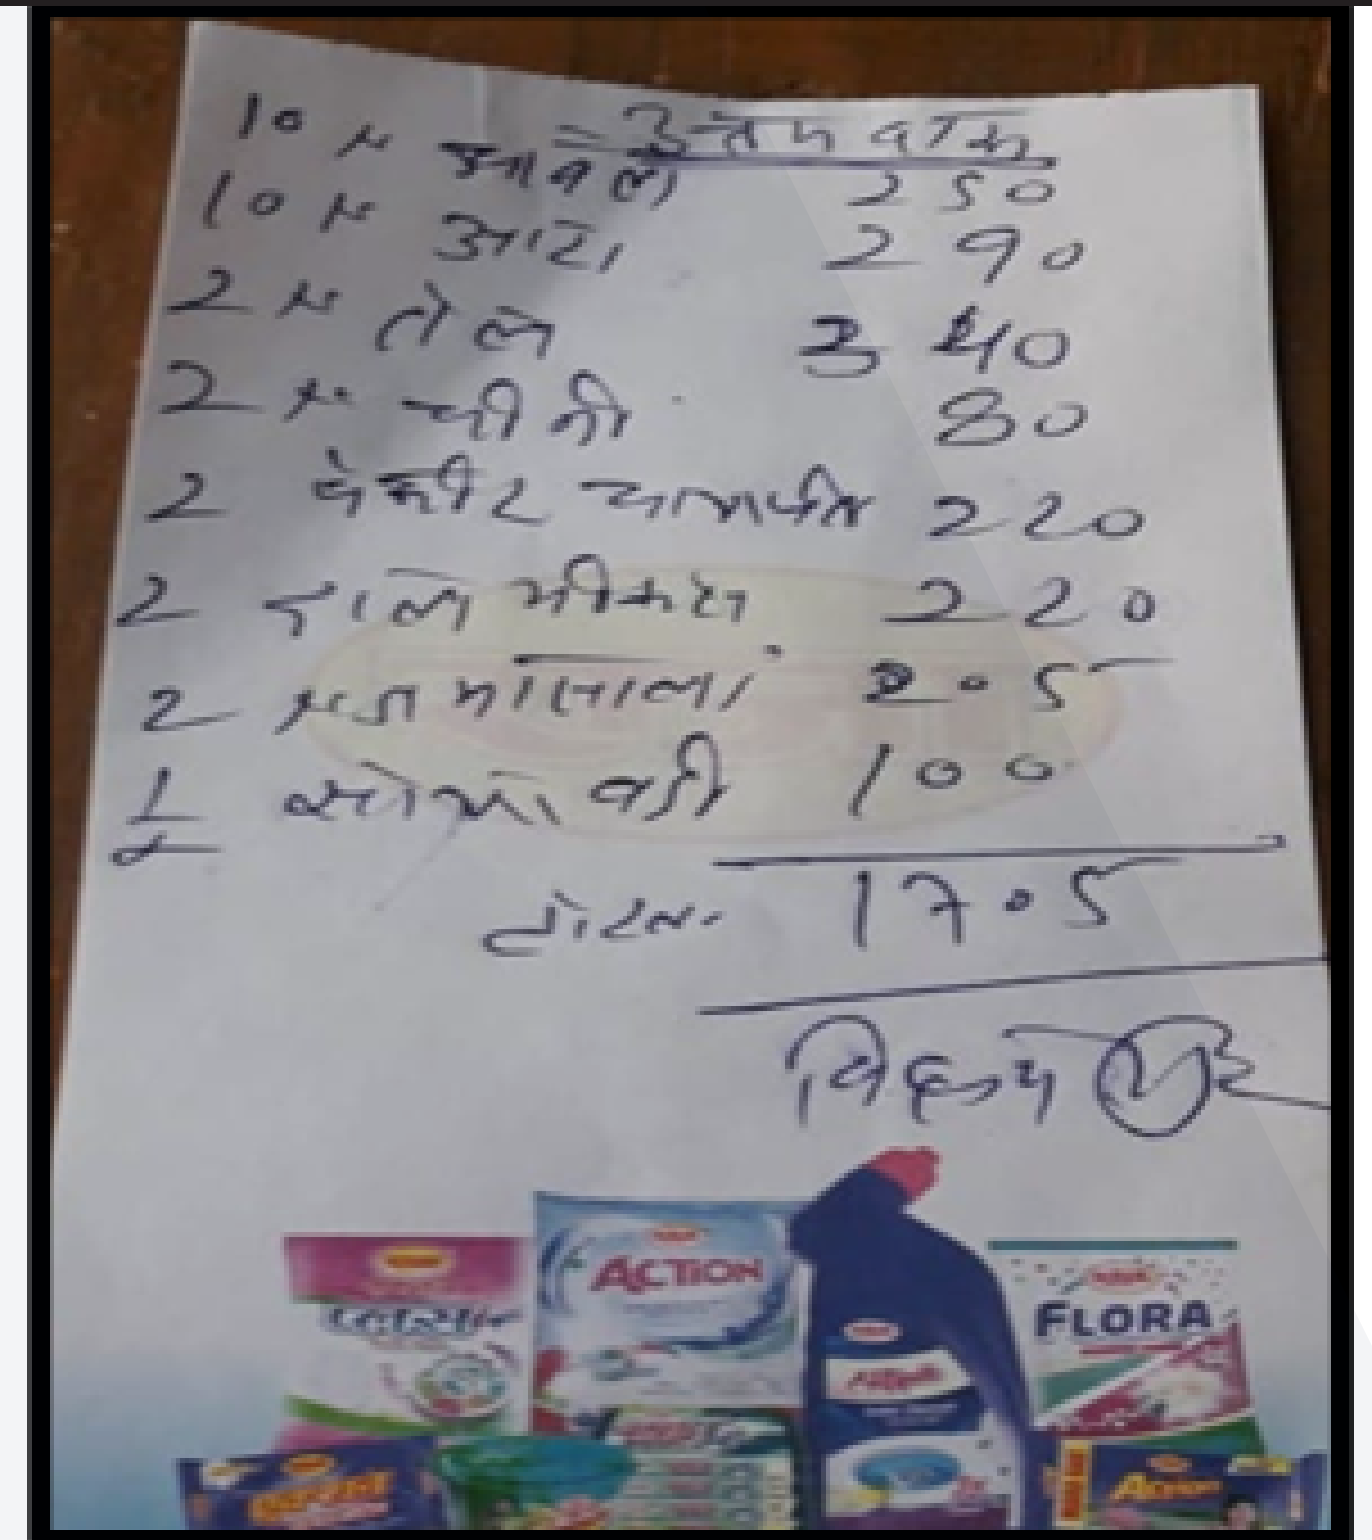

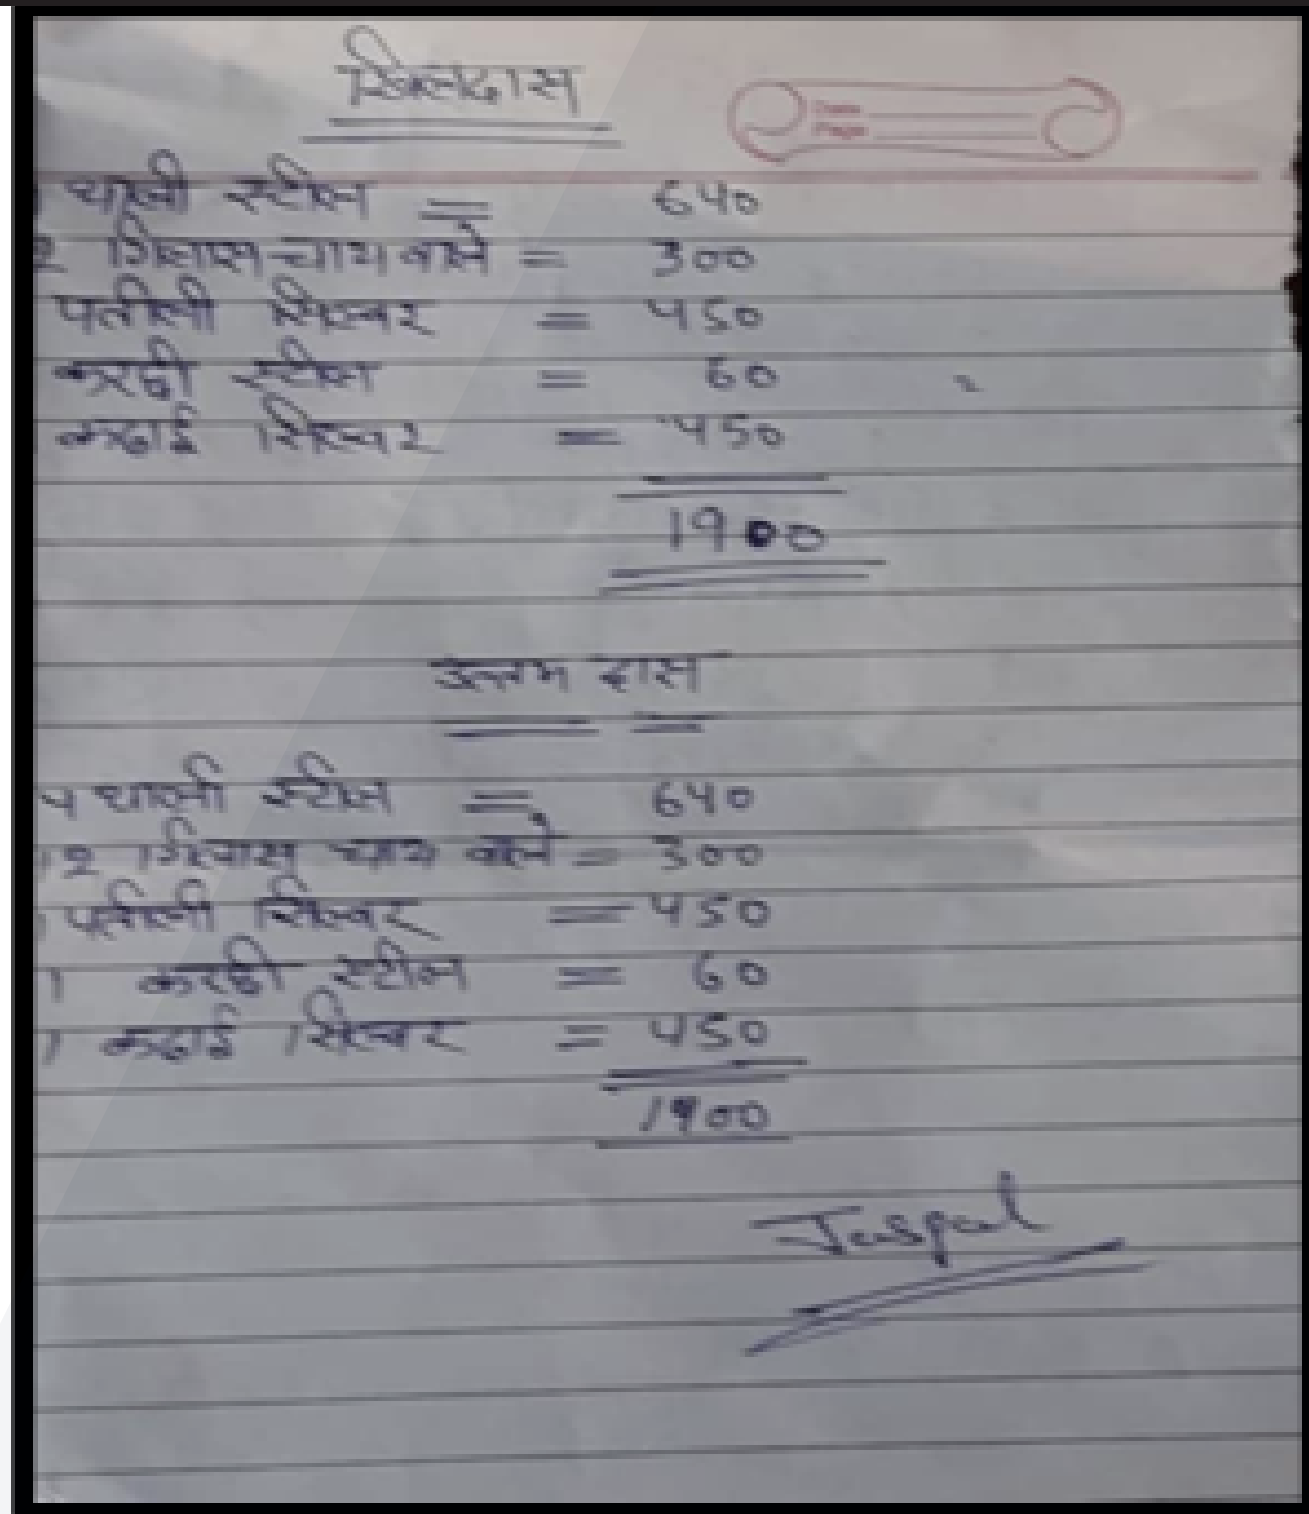

In the cold of January, while many of us stayed warm inside our homes, others were forced to spend their nights under the open sky. Consequently, every year in North India, hundreds of people lose their lives due to the bone-chilling cold, with a significant number being children and women

Date-1/01/2023

For the past seven years, the Samoon Foundation has celebrated the New Year by distributing blankets to those in need, offering comfort during harsh winters. Last year, they continued this tradition, inviting contributions of INR 250 per blanket. The Samoon team surveyed and identified 19 needy families in Tihri, sending them warm blankets via the Vishwanath Service Bus. This annual initiative, starting on January 1st in Rishikesh, also reached the Gautam Gram Panchayat in Jakhni Lambgaon, Pratapnagar, where 19 selected families, including the elderly, widows, children, and women, received aid. The foundation plans to distribute warm clothing and socks to children soon, expressing gratitude to all donors for their support in serving humanity.

Supporting Fire-Affected Families in Uttarkashi: A Helping Hand in Times of Need

Date-2/03/2023

On March 2, 2023, in Uttarkashi, a destitute family lost everything when their house was reduced to ashes. In order to help these affected families purchase utensils and provisions, a small sum of INR 5,100 was provided by the Samoon Foundation through a check.

It is worth mentioning that on January 3, 2023, due to a severe fire outbreak in the village of Pindki in the Baddkot region of Uttarkashi, the homes of three families, namely Mr. Jai Singh, Mr. Naresh Singh, and Mr. Jaspal Singh, were turned to ashes. As a result, their circumstances took a dire turn, and they faced issues with housing and meals. The economic situation of these families became extremely distressing.

The donation, received in the form of a check, was presented to the affected families by the members of the Samoon Foundation. Mrs. Sita Payal, a member of the foundation, provided this small amount of INR 5,100 to help these families purchase groceries and utensils.

We hope that this modest assistance will provide some relief to the families affected by this unfortunate incident.

"Our Relationship with Trees" Initiative

On Friday, July 22, 2022

the Samoon Foundation launched its "Our Relationship with Trees" program, coinciding with Uttarakhand's traditional Harela festival. This initiative, focused on fostering greenery, involved extensive tree plantation drives across Uttarakhand in collaboration with various teams, gram sabhas (village councils), and schools.

The tree plantation program officially began on July 25, honoring the sacrifice day of Shri Dev Suman Ji. This year's drive, consistent with previous years, successfully achieved its goal of planting one thousand saplings.

To ensure the long-term success of these saplings, the Foundation partnered with rural communities and schools, planting on both private and public lands. Over two days, 600 saplings were planted in villages including Munna Khal, Sakanidhar, Saudpani, Kurn, Chilpad, and Munna Khal Avani. The Foundation noted the successful maturation of saplings planted in prior years, and families who have successfully nurtured their trees receive certificates of appreciation. The Samoon Foundation emphasizes the critical role of every citizen in combating global warming by planting and nurturing at least one tree in their lifetime. They advocate for collective action to ensure a greener future.

Management is responsible for the preparation of the financial statements in accordance with the accounting principles generally accepted in India and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.
