# FOREWARD

## From the Founder's Desk

It gives me immense pleasure to present the Annual Report of Samoon Foundation for the financial year 2023-2024. Over the past year, our Foundation has continued its unwavering commitment to empowering rural communities through education, skill development, and sustainable livelihood initiatives.

This year, we have made significant strides in expanding our reach and deepening our impact. Our focus has been on bridging the gap between formal education and practical skill-building, enabling youth and women from underserved areas to build a brighter future. We have strengthened our computer training centers, launched new coaching programs, and supported infrastructure improvements in schools that serve remote villages.

Our journey is one of resilience, hope, and collaboration. None of this progress would be possible without the tireless dedication of our team, the support of our donors and partners, and most importantly, the trust and enthusiasm of the communities we serve.

As we reflect on 2023-2024, we renew our pledge to continue driving inclusive development with transparency and compassion. The challenges ahead are many, but so are the opportunities to create meaningful change. Together, we look forward to building a stronger, more self-reliant future for every individual touched by Samoon Foundation.

Thank you for being part of this journey.

Warm regards,

*Vinod Jethuri*

The Vice President of Samoon Foundation, Mr. Vijay Mohan Panyuli, handed over a cheque of ₹11,000 to the family of 18-year-old Himanshu Kumar at the Samoon Head Office in Rishikesh as support for his kidney transplant. Himanshu, from village Pulinda in Pauri Garhwal, has been battling kidney disease for six months and surviving on dialysis. Doctors have advised a transplant costing around ₹10 lakh. Due to extreme financial hardship—his mother earns ₹1,500/month as a domestic worker and his father is a laborer—the family is unable to afford the treatment. The Samoon Foundation extended this small but meaningful help to support Himanshu's fight for life.

**Date – Thursday, July 19, 2023**

Vikas, a member of a financially weak family, met with a serious road accident that left both of his legs fractured, making him completely bedridden and unable to work or support his household. In light of this difficult situation, the Samoon Foundation extended a helping hand by providing a cheque of ₹11,000 to assist with his medical treatment and ongoing medication expenses.

Understanding the family's urgent needs beyond just medical aid, the Foundation also arranged two months' worth of essential ration supplies to help them manage their daily living during this crisis. Furthermore, the Foundation supported the education of Vikas's daughter, Pihu, by renewing her school registration and clearing her pending school fees.

This comprehensive support ensured that while Vikas focused on recovery, his family could meet basic needs and Pihu's education would not be disrupted. The Samoon Foundation remains committed to standing with families in distress and continues its mission of supporting those in need during times of hardship.

# A Cry for Help: Vikas Kumar's Family Struggles After Devastating Accident

**Tuesday, July 11, 2023**

Vikas Kumar, a driver from Kathud Village in Patti Sitonsyun, Pauri Garhwal, was living in a rented room in Rishikesh to support his wife and two children. On March 3, 2023, while returning from Gadankhal after dropping passengers, his vehicle lost control and fell into a deep gorge. Though he survived, both his legs were fractured, leaving him bedridden for three months.

The accident pushed his family into a severe financial crisis. With no income, Vikas couldn't afford medical treatment, there was no food in the house, rent remained unpaid, and his daughter's name was struck off the school register due to unpaid fees. On June 20, 2023, an urgent request for help was made to community members and the general public to support the struggling family in their time of need.

**Wednesday, July 12, 2023**

The Samoon family provided two months' ration to Vikas's family at their home and assured further support for their daughter's admission, room rent, and medical expenses.

**Thursday, July 19, 2023**

Pihu was overjoyed to return to school after her father, Vikas Kumar, had been bedridden for three months due to a road accident. The Samoon Foundation quickly stepped in, re-registering her in school, clearing past dues, and paying advance fees. They also provided ₹11,000 for Vikas's medications, two months' ration, and promised ongoing support. A total donation of ₹20,000 was received for the family, including ₹10,000 from Arvind Ji (Dubai) and ₹5,000 from Ajay Rawat Ji (Pipalkoti).

**Date: Thursday, December 7, 2023**

Mahavir Singh Rana, 32, from Soniyat village, Tehri Garhwal, is battling serious health issues—first a brain hemorrhage, followed by kidney failure. He now undergoes dialysis three times a week at AIIMS Rishikesh and has been advised a kidney transplant estimated at ₹20 lakh. To stay close to the hospital, Mahavir, along with his wife and two young children, lives in a rented room in Gumaniwala, paying ₹3,500 per month and ₹500 daily for hospital travel.

**An amount of ₹1 lakh was directly transferred to the account of kidney patient Ankit by generous donors, while a check of ₹51,000 was provided by the Samoon Foundation.**

**Date: Sunday, December 17, 2023**

Ankit Meher, a 22-year-old youth from Bacheti village in Almora district, was undergoing treatment at AIIMS Rishikesh after both his kidneys failed. Despite holding big dreams for his future, his life depended on an urgent kidney transplant. His father came forward to donate a kidney, but the family lacked the financial means to afford the surgery, even with an Ayushman card. Recognizing the urgency, Samoon Foundation's senior member Hemant Nyal (Hemu Bhai), who also hails from the same village and works in Dubai, mobilized support among both Uttarakhandi and non-Uttarakhandi families in Dubai. Through these collective efforts, a total of ₹1.5 lakh was raised—₹1 lakh was directly transferred to Ankit's family by donors, and ₹51,000 was provided as a cheque by the Samoon Foundation. This united support gave hope to Ankit and his family during a critical time.

**The Samoon Foundation team delivered rations to the Kailashi family in their village.**

**Date – Monday, June 20, 2023**

The Samoon Foundation team delivered rations to the Kailashi family in their village. It is important to note that Kailashi's hands and legs stopped functioning after a fall at school, but thanks to the continuous treatment, there has been improvement. Kailashi's father is also disabled, which has made the family's situation dire; they don't even have money to buy rations. Keeping this in mind, the rations were sent. The Samoon Foundation has also been providing continuous support for Kailashi's treatment—₹17,000 in February and ₹20,000 in April, totalling ₹37,000 in financial assistance so far.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**  
Management is responsible for the preparation of the financial statements in accordance with the accounting principles generally accepted in India and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.  
In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.  
Those charged with governance are responsible for overseeing the entity's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**  
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
