Chairman's Message

At Samoon, we believe that true empowerment begins with access—access to knowledge, opportunity, and skills. In today's digital world, computer literacy is no longer optional; it is essential. While urban centres are brimming with training institutes and technological resources, many of our rural and remote Himalayan communities are still struggling with the basics—let alone access to digital learning. This digital divide is what we aim to bridge.

Samoon Computer Training Institutes (SCTIs) were established with a single vision: to empower the youth and underserved communities of Uttarakhand with free, quality computer education. Whether it's learning MS Office, Tally, DTP, AI or understanding the digital basics, our centres in Shyampur (Rishikesh), Akhori (Tehri Garhwal), Sour (Tehri Garhwal), and Tilwara (Rudraprayag) are building confident, skilled individuals who can thrive in today's competitive world.

We focus not just on teaching but on learning outcomes. Regular assessments, hands-on practice, and personalised guidance ensure that our students truly grasp what they learn. I'm especially proud that our centres are inclusive—also welcoming students with special needs, and giving them the same opportunity to learn and grow.

We remain committed to expanding this mission to other rural belts of the Himalayas. Our journey has just begun, and we invite each of you to be a part of this change.

Warm regards,

Vinod Jethuri
Founder & Chairman

About

Samoon Computer Training Institute (SCTI) is a rural initiative by Samoon Foundation providing free computer education to underprivileged youth, women, and special needs students across Uttarakhand. Our goal is to bridge the digital divide and create equal learning opportunities in remote Himalayan regions.

Vision

To create a digitally empowered and self-reliant rural India through accessible and inclusive computer education.

Mission

To equip students with essential digital skills, enhance their employability, and empower rural communities through free, inclusive, and quality computer training.

Our Goal

To empower children, women, and underserved communities through free computer education. SCTI equips individuals with practical, job-ready digital skills, ensuring no one is left behind in today's technology-driven world.

Programmes offered at SCTI

Digital Marketing & Social Media

Digital Marketing Basics
Social Media Management

Program details

Microsoft 365 (Word, Excel, PowerPoint)

Office essentials from beginner to advanced levels—create documents, build spreadsheets and design professional presentations—all tailored toward practical, job-ready use.

Video Editing

Learn to create impactful visuals—students get real practical experience in editing tools (including Canva) to produce videos, posters, presentations and more.

Typing Skills

Structured typing practice to improve speed and accuracy, forming the backbone of all digital skills across courses. (Included in free basic computer curriculum.)

Artificial Intelligence (AI)

Hands-on intro to AI tools and concepts—integrating AI with other technologies like MS Office—helping you explore how AI works and can be used ethically in everyday tasks.

Tally with GST

Full GST-enabled accounting system training using Tally, aligned with real-world industry tasks and certificate preparation.

Basic Computer Literacy & Digital Skills Training

Comprehensive free computer education for all age groups—covering digital tools, MS Office, Canva, AI, video editing, Tally, and more—with hands-on emphasis to make learners “job-ready.”

Samoon Computer Training Institute - Sumari Bhardhar (Tilwara), Rudraprayag

DETAILS

LOCATION – Sumari Bhardhar, Tilwara, Rudraprayag, Uttarakhand

OPENING DATE – October 19, 2021

BENEFICIARIES – 150 Students

CENTRE TRAINER – Nikita Barthwal

PROGRAMM COORDINATOR – Vijay Mohan Painuly

GRAM PRADHAN – Umed Singh Chauhan

In the tranquil landscapes of Sumari Bhardhar, Tilwara, Rudraprayag, Uttarakhand, the Samoon Foundation has undertaken a transformative project dedicated to providing essential computer education.

Commencing its operations on October 19, 2021. This initiative is a testament to the foundation's commitment to fostering digital literacy in underserved communities.

The training center established in this picturesque location is designed to benefit 150 students from the local community. The curriculum spans from fundamental computer skills to more advanced courses, ensuring that beneficiaries gain a comprehensive understanding of technology and its applications. The foundation's objective is to equip these individuals with the necessary tools to navigate the digital landscape, ultimately enhancing their career prospects.

At the forefront of this endeavor is Centre Trainer Nikita Barthwal, a skilled professional dedicated to imparting knowledge and honing the technical acumen of the enrolled students. Working in tandem with Program Coordinator Vijay Mohan Painuly, the center operates under a structured framework to deliver effective educational content. The collaboration with local leadership, including Gram Pradhan Umed Singh Chauhan, underscores the foundation's commitment to engaging with and uplifting the community through education.

The foundation's approach, emphasizing hands-on learning and practical application of computer skills, ensures that students not only grasp theoretical concepts but also develop the proficiency required for success in a technology-driven society.

Samoon Computer Training Institute - Godadhar (Akhori), Tehri Garhwal

SAMOON COMPUTER TRAINING INSTITUTE DETAILS (SCTI02)

LOCATION - Godadhar, Akhori (Ghansali), Tehri Garhwal, Uttarakhand

OPENING DATE - December 24, 2021

COMPLETION DATE - Currently Running

BENEFICIARIES - 300

CENTRE TRAINER - Vikram Shah

PROGRAMM COORDINATOR - Vijay Mohan Painuly

GRAM PRADHAN - Anita Devi

Nestled in the scenic village of **Godadhar, Akhori (Ghansali), Tehri Garhwal**, the Samoon Foundation launched its second computer training center on **December 24, 2021**, with a mission to empower the rural community through digital education. This ongoing initiative served **300 beneficiaries**, till date offering a well-rounded curriculum that covers both basic computer literacy and advanced modules.

The center is led by **Centre Trainer Vikram Shah**, whose dedication to skill development plays a pivotal role in student learning. With program **coordination by Vijay Mohan Painuly** and strong community support from **Gram Pradhan Anita Devi**, the center operates with a collaborative and structured approach.

Students are gaining more than just classroom knowledge—they are receiving hands-on training that builds real-world digital skills, preparing them for careers in today's tech-driven landscape. Early outcomes reflect a growing sense of confidence and capability among learners, marking this initiative as a significant step toward community transformation through technology.

Samoon Computer Training Institute Sour, Patti- Bharppoor, Tehri Garhwal

SAMOON COMPUTER TRAINING INSTITUT DETAILS (SCTI03)

**LOCATION – Sour, Patti – Bharppoor, Tehri Garhwal,
Uttarakhand**

OPENING DATE – March 10, 2024

COMPLETION DATE – Currently Running

BENEFICIARIES – 100

CENTRE TRAINER –Vijendra Kumar

PROGRAMM COORDINATOR – Dhirendra Rawat

On March 10, 2024, the Samoon Foundation inaugurated its third computer training institute in **Sour, Patti – Bharpoor, Tehri Garhwal**, furthering its mission to bring digital empowerment to underserved regions of Uttarakhand. This fully operational center currently trains 100 **beneficiaries**, providing them with foundational and practical computer skills.

The institute is led by **Centre Trainer Vijendra Kumar**, whose dedication to quality teaching ensures effective learning for every participant. **Program Coordinator Dhirendra Rawat** supports the center's daily operations and ensures alignment with the foundation's broader educational goals.

By establishing this training hub in a rural location, Samoon Foundation is taking active steps to bridge the digital divide and expand opportunities for local youth and adults alike. With hands-on training and community-focused engagement, **SCTI 03** is helping individuals gain the tools they need to participate confidently in today's tech-driven world.

Samoon Computer Training Institute - Shyampur, Rishikesh, Dehradun

SAMOON COMPUTER TRAINING INSTITUTE DETAILS (SCTI04)

LOCATION – Samoon Head Office, Shyampur, Rishikesh

OPENING DATE – April 01, 2024

COMPLETION DATE – Currently Active

TOTAL BENEFICIARIES – 250

CENTRE TRAINER – Ms. Reshma Kotiyal

COORDINATOR – Komal Chauhan

The **Samoon Foundation** inaugurated its fourth Computer Training Institute on **April 01, 2024**, located at the organization's Head Office in Shyampur, Rishikesh. This active center is designed to serve **250 beneficiaries**, providing essential computer training to individuals from various backgrounds, with the goal of closing the digital literacy gap in the region.

The training is led by **Centre Trainer Manoj Kumar Srivastava**, a seasoned educator committed to delivering high-quality, practical instruction. Supporting the operations is **Program Coordinator Komal Chauhan**, who ensures that all activities run smoothly and align with the foundation's vision of inclusive digital empowerment.

Strategically located in the heart of Rishikesh, this center plays a pivotal role in enhancing **employment readiness and technological literacy** among participants. By equipping individuals with relevant digital skills, **SCTI 04** empowers communities to participate more actively in today's digital economy.

As we proudly present the achievements of Samoon Computer Training Institute across our four centres—SCTI01, SCTI02, SCTI03, and SCTI04—I extend my heartfelt gratitude to everyone who has been part of this journey. Your trust, encouragement, and support have enabled us to bring digital literacy and opportunity to the doorsteps of rural communities.

Our vision, mission, and goals are rooted in the belief that technology is not a privilege but a necessity for empowerment in today's world. Every student trained at our centres represents a step towards bridging the digital divide and creating a brighter, self-reliant future.

We remain committed to expanding this mission and plan to open more computer training centres in the untouched corners of the rural Himalayas. The need for such initiatives is vast, and with your continued support, we can reach even more lives.

I humbly invite you to walk alongside us—whether as a partner, supporter, or well-wisher—in this journey towards digital empowerment. Together, we can shape futures, unlock potential, and create lasting change.

With sincere gratitude,

Vinod Jethuri
